

Sustainability Week

At Woodside one of our goals this year is to take some actions to becoming a more sustainable school.

The eco-council have been working hard with Mrs Ruffle and Mrs Woodrow to help with this project.

Next week we are highlighting energy saving as part of our work. The eco-council will talk about their work in an assembly on Monday. Each class will undertake some curriculum work during the week connected to this theme. We have declared Wednesday 'Switch It Off' day. We are trying to help the children understand how saving energy can save money and the world's precious resources. Can you help with this at home? How many lights are left on when rooms are empty? Can you put on an extra jumper instead of the heater when watching tv? We would like to hear about your ideas!

Nursery Information Evening for Prospective Families wishing to join Nursery

Thursday 29th March 7.00pm

We are fast approaching the time when we will be allocating Nursery places for September 2012. We do have a comprehensive waiting list but this year we are offering an information evening for anyone interested in joining our nursery. This will give any new families the opportunity to look around the school and Nursery and learn about what goes on at Woodside Infant and Nursery School. If you know of any families that may be interested please let them know!

Attendance Update

Our attendance figures are looking good at this point in the year and we thank you for your support in ensuring children attend school each day. This is helping our children to make better progress.

Please remember that holidays can only be authorised in term time under *exceptional circumstances*. This is because any time off school has an impact on the progress which children make at school.
