## **Laurel: Year Two**

Autumn 1.2

Dear Parents/Carers,

Thank you for working with us for a really successful first half term, where the children settled back into life in their brand new school.

We are looking forward to meeting you soon at parents' evening, which will be held virtually this year. You should have had an opportunity to make an appointment via our online survey and a meeting time should have been allocated by now.

As you will be aware, we have now completed both our one-off transition project and our recovery curriculum work. Therefore, this half-term, your children will begin to look at Year Two content from our school curriculum.

Our topic for this half-term is Space and this encompasses learning about a range of different areas, from design & technology to science. In English, we are reading *Man on the Moon* and in Maths, we start by focusing on numbers to 100 and addition and subtraction.

Please see below for a summary of all the learning taking place over the course of the half-term. Note, PE is on a Monday and Thursday, when the children will need to continue to come to school in their sportswear.

You will also find a series of links to various different online learning resources below. We appreciate that more and more, families are needing to isolate for fairly lengthy periods of time while awaiting COVID tests or to isolate. We have provided materials for you to access during these absences.

If there is any further information or support you require, please do try and catch one of us at the school gate or contact the school office to arrange a conversation by phone.

Kind Regards,

Mr Wood

## Long Term Plan

### Autumn 1.2

Subject	Coverage	
Maths	Numbers to 100	Addition and Subtraction
English: Reading	Individual and small group reading and sharing class stories.	
English: Writing	A range of writing opportunities will stem from our study of the text, including: Man on the Moon	
Phonics	Set 3 sounds and 'best bet' spelling patterns.	
English: Grammar	Using similes in poetry, noun phrases, writing instructions and non-fiction writing.	
Science	Basic needs for survival, properties of materials and their suitability and habitats.	
Art	Mark making with chalk pastels and studying the work of Peter Thorpe's "Rockets".	
Computing	Understanding that algorithms are instructions computers follow.	
PE	Gymnastics.	
RE	Looking at how light is symbolised in various religions.	
PHSE	Understanding my rights and responsibilities-types of touch, safe hands, personal space.	
Music	Learning and humming "Ho Ho Ho" and other songs.
