1st November 2020

Nursery: Hedgehogs and Squirrels

Dear Parents,

Thank you for working with us for a really successful first half term, where the children settled into school life in their brand new nursery. We continue to modify and streamline routines and environments but the children are wonderful as they just get on with the serious business of 'playing'. It is beginning to feel like home.

We are looking to hold parent's meetings with you over the course of this term to talk about how your child has settled and discuss any issues relative to their development. These will need to be held virtually this year and details released soon.

Our inquiry theme for this half-term is 'Seasons of Wonder' through which we will learn about seasonal change, fireworks and Christmas. This runs alongside skill development in all seven areas of learning planned out of your children's interests.

I attach an overview of our term's learning.

You will also find a series of links to various online learning resources. We appreciate that over the course of this winter, families may need to isolate for periods of time while awaiting COVID tests or to isolate. We have provided materials for you to access during these absences. If anyone finds age appropriate learning apps or sites which support development, we would love to hear from you so that we can share with others.

If there is any further information or support you require, please do try and catch one of us at the school gate; contact us via *Tapestry* or contact the school office to arrange a conversation by phone.

Kind Regards

The Nursery Team
