## Nursery: Hedgehogs and Squirrels

Dear Parents,

We hope you all had a restful Easter break and are ready for a hopefully settled Summer term.

Prior to Easter the children settled really quickly, enjoying being back with their friends and teachers. This means that we can move swiftly on with our nursery learning this term.

Each room is going to take a slightly different theme simply due to the interests and ages of the children. Our Hedgehog room will be following ideas of occupations, following a few children showing an interest in hair dressing, with our Squirrel room following an inquiry around change. We will be looking at change in ourselves and changes in nature; tadpoles to frogs.

Skills will be developed across seven areas of learning in both rooms, with emphasis being given to development in the core areas of Personal, social and emotional development, Communication and Language and Physical Development.

I attach an overview of our term's learning.

You will also find a series of links to various online learning resources. If anyone finds age appropriate learning apps or sites which support development, we would love to hear from you so that we can share with others.

Please do continue to share your child's learning at home with us, via Tapestry, as it does help us build a picture of holistic development.

With Best Wishes

Mrs Ingham and The Nursery Team
